

Zero Copay Maintenance Medication Program

**FOR MORE
INFORMATION,
PLEASE CONTACT:**

Helping members save money on prescription drugs while improving health outcomes is our mission. In addition to medications which are required to be covered at a \$0 copay by the Affordable Care Act, Amwins Rx offers a list of selected medications at a \$0 copay for many chronic conditions. This program improves adherence to prescribed drug therapy by removing financial barriers to care, resulting in improved chronic disease state outcomes. Member satisfaction may also increase with this program as members will experience lower out-of-pocket costs for many common medications.

How does it work?

Plans who opt in to the Amwins Rx Zero Copay Maintenance Medication Program agree to absorb the cost of the member copay. Most of the medications listed are generic drugs. Although the plan will experience a slight increase in medication cost, overall healthcare costs are expected to decrease due to the costs avoided under the medical plan.

List of zero copay maintenance medications

- Acarbose
- Acebutolol
- Amiloride/HCTZ
- Amiloride
- Amlodipine/Atorvastatin
- Amlodipine/Benazepril
- Amlodipine/Olmesartan
- Amlodipine/Valsartan/HCTZ
- Amlodipine/Valsartan
- Amlodipine
- Atenolol/Chlorthalidone
- Atenolol
- Atorvastatin
- Atropine sulfate
- Benazepril/HCTZ
- Betaxolol
- Bisoprolol/HCTZ
- Bisoprolol Fumarate
- Bumetanide
- Candesartan/HCTZ
- Captopril/HCTZ
- Carvedilol
- Chlorothiazide
- Chlorpropamide
- Chlorthalidone
- Cholestyramine Powder
- Cilostazol
- Clopidogrel
- Colesevelam Pack
- Colesevelam Tab
- Colestipol Granules
- Colestipol Tab
- Digoxin Oral SOLN
- Digoxin Tab

- Acarbose
- Acebutolol
- Amiloride/HCTZ
- Amiloride
- Amlodipine/Atorvastatin
- Amlodipine/Benazepril

- Clopidogrel
- Colesevelam Pack
- Colesevelam Tab
- Colestipol Granules
- Colestipol Tab
- Digoxin Oral SOLN
- Digoxin Tab
- Diltiazem Coated Beads, ER CAP
- Diltiazem Tab
- Enalapril Maleate/HCTZ
- Eplerenone
- Ethacrynic Acid
- Ezetimibe/Simvastatin
- Ezetimibe Tab
- Felodipine ER
- Fenofibrate CAP/TAB
- Fenofibrate Micronized Cap
- Choline Fenofibrate CAP DR
- Fenofibric Acid Tab
- Fluvastatin
- Fosinopril/HCTZ
- Furosemide Oral SOLN
- Furosemide
- Gemfibrozil
- Glimepiride
- Glipizide/Metformin
- Glipizide
- Glyburide/Metformin
- Glyburide Micronized
- Glyburide
- Hydrochlorothiazide CAP/TAB
- Indapamide
- Irbesartan/HCTZ
- Isoxsuprine
- Isradipine
- Labetalol
- Lisinopril/HCTZ
- Losartan/HCTZ
- Lovastatin
- Matzim LA
- Metformin TAB
- Metformin TAB ER (not osmotic)
- Methylclothiazide
- Methyldopa/HCTZ
- Metolazone
- Metoprolol/HCTZ
- Metoprolol Succinate ER
- Metoprolol Tartrate
- Miglitol
- Milrinone Lactate
- Moexipril/HCTZ
- Nadolol
- Nadolol/Bendroflumethiazide
- Nateglinide
- Niacin TAB ER
- Nifedipine CAP
- Nifedipine CAP
- Nifedipine ER
- Nimodipine
- Nisoldipine
- Olmesartan/Amlodipine/HCTZ
- Omega-3-Acid Ethyl Esters
- Pentoxifylline
- Pindolol
- Pioglitazone/Metformin
- Pioglitazone/Glimepiride
- Pioglitazone
- Pravastatin
- Propranolol/HCTZ
- Propranolol ER
- Propranolol Tab
- Quinapril/HCTZ
- Ramipril
- Repaglinide
- Repaglinide/Metformin
- Rosuvastatin
- Spironolactone
- Spironolactone/HCTZ
- Telmisartan/Amlodipine
- Telmisartan/HCTZ
- Timolol
- Tolazamide
- Toremide
- Trandolapril/Verapamil
- Triamterene/HCTZ
- Valsartan/HCTZ
- Verapamil
